I will always remember Mike taking me along with him before Paul & Dan were old enough hunting, & fishing. He helped instill the love for the outdoors. When I was just about 10-14 Mike invited me up North to his land to bow hunting. Not sure if it was to get me out of my parent's hair or to help him with odd jobs around camp, regardless I couldn't wait. It was so fun. We'd shine deer at night & hunt morning & evening. I got to sleep in a trailer he had all set up. His friends would visit & share stories. I also remember early on when Mike bought his new property planting a lot of trees to improve hunting condition. Then, it was the fishing in the summer. Mike would take me fishing on Lake Winnebago catching walleyes. That was a blast too. I do it with my family now. They love it. "Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime." I also remember helping splitting wood. I used to think I helping heat Mike & Carla's house for the winter. Thanks Mike for the time spent & memorize. I will never forget. Those good memorize will forever be remembered.
