I worked very closely with Michael while he was at Michels and I can say he was one of the hardest workers I know. People throughout the cut stone industry respected Michael's knowledge and his ability to get the job done and was responsible for designing and rebuilding the production lines at Michels Stone resulting in improved product and increased efficiency. Michael was a smart, hands on guy who will be missed by not only his family, but also everyone who knew him. My most sincere condolences to his family. May fond memories of him comfort you during this time of loss. - Moe Bohrer

Mike and I worked together at Michels. I would tease him about his Rock jeans that he would wear and said he paid too much for them. They look and feel good Mike would say plus that's the style now days. Well my friend I splurged and bought a pair and they are pretty comfy and will think of you when I have them on. Rest In Peace Mike and you will be missed. My condolences to the family. Thomas Ellias
