I was lucky enough to spend a little time with Don when I started at Oshkosh. He always had a kind word and smile whenever I saw him. In all my time at Oshkosh (nearly 20 years), I have NEVER met anyone who didn't smile when they remembered him. His family obviously knows what great guy he was, but I wanted to let you know that a WHOLE LOT of us also know it. I am very sorry for your loss.

Sandy and family, Marilyn and I just found out about Don. We are so sorry to hear about his passing. We offer our sincere and heart felt condolences. He was a great guy. I truly enjoyed working with him at Oshkosh and valued his knowledge and wise counsel. He was very smart guy but super easy to work with. And yes, we four also had some good times here in Venice when you all were in town. We will miss him and we wish you the best. Paul & Marilyn

Sandy and family, Pam and I are so sorry for the loss of Don and we send our sincere sympathy. He was a great friend even before we were in school. I remember the time he ran away from kindergarten and walked home some three miles. He was tired of school and he was going home. That says a lot about his personality that didn't change much through the years. He was a friend that stuck closer than a brother. Don will be missed, Rest In Peace.

Sending prayers and deepest condolences to Don's wife and family. I will never forget when I made a business call orchestrated thru Don at Osh Kosh. Don went out of his way to help and show us the factory. After a meal the evening before, Don had me come to his house and a very pleasant evening. Will miss seeing him at future class reunions. God Bless during this very difficult time.

My sincerest sympathy to the entire Verhoff family. Don hired me and was a mentor and friend for my entire career. Many of the Oshkosh family are of a similar experience. He always took time to help and support everyone with his vast knowledge and experience no matter what he was busy with. Truck changed the day he retired.
