Beverly J. Mosher

DEC 16, 1939 - MAR 9, 2026

Beverly J. Mosher passed away surrounded by loving family on March 9, 2026 at her home on an unseasonably warm and sunny day that she would have loved. She was 86.

Beverly was born in Berlin, WI on December 16, 1939, to George and Lillian (Krueger) Marks. She was the second of five siblings. She graduated from Berlin High School. She worked in various positions before retiring after more than twenty years of employment with Sears. Beverly married the love of her life and best friend, Gary Mosher, on January 23, 1960. Gary and Beverly welcomed two children, six grandchildren, and two great grandchildren. They were the world to Beverly, and they loved her tremendously in return. Beverly entered life with a strong recognition that there is a general lack of mothering in the world, and she set about filling that gap for all those around her for the rest of her life. Beverly embodied service and compassion, and she cared deeply for all those in her circle. Whether sharing her home with her family, caring for her parents, or driving to Madison every week to help raise respectful grandsons, Beverly gave from her heart and with an unassuming ease that made people want to be around her. This was likely never more apparent than in the years of excellent care she provided for her beloved husband during his battle with Alzheimer's. People who knew Beverly described how welcome and taken care of they felt in her presence. Her grandchildren benefited greatly from her chocolate cake and ice cream cones at wildly inappropriate times and in wildly questionable amounts. We all benefited from her attitude of lifelong learning that brought shrewd, practical advice. Her nurturing extended to her home and yard, where she spent countless hours tending to her garden and chatting with her neighbors. But mostly, we learned from her humility and work ethic. She was, simply put, a force of love and service in a world that could use a lot more of that. For a woman as humble and self-sacrificing as Bev was, we could all only hope to be as rich
