“ I will always cherish the friendship we had. It is hard to believe you are gone. We played in the crib together...had babies together....you will never leave my heart. I will always remember the good times AJ. Like when we had stolen leather purses from Pranges...I think that was the name of it...and we threw them in a garbage can on main st cuz we were so scared....lol...the time when we snuck out of your house and you wore your dads jacket and it was pouring out and when we got back you hung it back up and your dad never said anything about his jacket being wet....(sorry Jim) lol. And the pizzas every Saturday when our parents would go out. The pole in the basement we used to dance to madonna with....and the calls to the radio stations when we would talk to the DJs all night. ..it was all harmless fun back then...I could go on and on and on...so so many more memories I will keep and cherish always. Love you AJ!!!
